Introduced by Assembly Member Brownley

February 22, 2012

An act to amend Section 27317 of the Vehicle Code, relating to vehicles.

LEGISLATIVE COUNSEL'S DIGEST

AB 1854, as introduced, Brownley. Vehicles: inflatable restraint systems.

Existing law makes it a misdemeanor for any person to install or reinstall for compensation, or distribute or sell any previously deployed air bag that is part of an inflatable restraint system, if the person knows that the air bag has been previously deployed.

This bill would also make it a misdemeanor for a person to install, reinstall, or rewire a vehicle's computer system or air bag safety system, including, but not limited to, the air bag safety system on-board lighting indicators, so that it falsely indicates the air bag safety system is in proper working order, and for a person to distribute or sell a previously deployed air bag component, knowing that the air bag component was part of a previously deployed inflatable restraint system.

Because this bill would expand the definition of an existing crime, it would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

AB 1854 — 2 —

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: yes.

The people of the State of California do enact as follows:

1 SECTION 1. Section 27317 of the Vehicle Code is amended 2 to read:

27317. Any—A person who—installs or reinstalls for compensation, installs, reinstalls, or rewires for compensation, a vehicle's computer system or air bag safety system, including, but not limited to, the air bag safety system on-board lighting indicators, so that it falsely indicates the air bag safety system is in proper working order, or who distributes or sells—any a previously deployed air bag or air bag component that is part of an inflatable restraint system, if the person knows knowing that the air bag has been previously deployed or that the air bag component was part of a previously deployed inflatable restraint system, is guilty of a misdemeanor punishable by a fine of five thousand dollars (\$5,000) or by confinement in the county jail for one year or by both that fine and confinement.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIIIB of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIIIB of the California Constitution.
